

FOR IMMEDIATE RELEASE:

GLENMOOR ACHIEVES [CARF-CCAC](#) ACCREDITATION

World Golf Village, October 23, 2008

Glenmoor, the Retirement Resort at World Golf Village has recently achieved accreditation by CARF-CCAC. CARF-CCAC is the national accrediting agency for continuing care communities and is widely regarded as the mark of quality for aging services.

Glenmoor voluntarily put itself through a rigorous peer review process and demonstrated to a team of surveyors during an on-site survey that it is committed to conforming to CARF-CCAC's accreditation conditions and standards. These standards address more than 750 areas of operation focusing on quality and widely accepted principals.

With its accreditation, Glenmoor joins an elite group of retirement communities, including its sister community Vicar's Landing in Ponte Vedra Beach, Florida. Only 12-15% of the nation's continuing care communities are accredited.

About CARF-CCAC

The organization represents a merger of the Continuing Care Accreditation Commission (CCAC), founded in 1985 as the nation's only accrediting body for continuing care retirement communities and similar organizations, and the Commission on Accreditation of Rehabilitation Facilities (CARF), a nonprofit accreditor founded in 1966.

About Glenmoor

Glenmoor is a resort retirement community located on a 40-acre site in the World Golf Village. Glenmoor is managed by LCPS Mgt., Inc.
